Application No. 10/047,925

ORDER RETURNING UNDOCKETED APPEAL TO EXAMINER

This application was received at the Board of Patent Appeals and Interferences on June 17, 2004. A review of the application has revealed that the application is not ready for docketing as an appeal. Accordingly, the application is herewith being returned to the examiner. The matters requiring attention prior to docketing are identified below:

On March 23, 2004, an Examiner's Answer was mailed (Paper No. 11). A review of the Examiner's Answer reveals that there is insufficient evidence that an appeals conference was conducted by the examiner. The Manual of Patent Examining Procedure (MPEP) § 1208 (8th ed., Rev. 1, 2003) states:

On the examiner's answer, below the primary examiner's signature, the word "Conferee should be included, followed by the typed or printed names of the other two appeal conference participants. These two appeal conference participants must place their initials next to their name. This will make the record clear that an appeal conference has been held.

Application No. 10/047,925

One of the conference participants (James Trammell) has not placed his initials next to his typed name as required above.

Accordingly, it is

ORDERED that the application is returned to the examiner

(a) for the examiner to have the missing conferees' initial placed next to his typed name as required by MPEP § 1208,

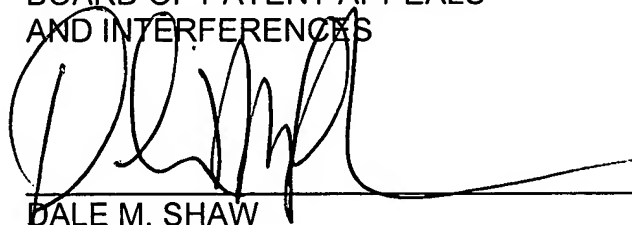

(b) notification to appellants in writing of the action taken above, and

(c) for such further action as may be appropriate.

It is important that the Board of Patent Appeals and Interferences be informed promptly of any action affecting the status of the appeal (i.e., abandonment, issue, reopening prosecution).
